^[1] Twenty-seven parcels are taxed at varying rates. Remaining parcels are taxed at \$66.00/parcel. Based on rates indicated in memorandum provided by Raftelis Financial Consultants.

Please see below for a brief explanation for each of the charges shown in the table above. For each charge, the same rates and methodology that were applied in FY 2019-2020 were used this year to determine the FY 2020-2021 charges. In addition, please refer to the annual administration reports for information regarding the FY 2020-2021 levy for Borrego Water District CFD Nos. 2007-1 and 2017-1.

Please see Exhibits A through D enclosed, which lists the assessor's parcel numbers and levy amounts for each of the charges shown in the table above. Please note that this memorandum will be updated once the final 2020 County Assessor's Roll becomes available from the County in July.

^[2] Three golf course parcels taxed at a total \$6,095.00. Remaining parcels taxed at \$2.50/parcel.

^[3] Two parcels owned by "LCDZ Investors, LLC" taxed at a total \$20,150.00. Remaining parcels taxed at \$37.70/parcel.

WATER AVAILABILITY STANDBY CHARGE (FUND 6415-01)

The funds raised by the Water Availability Standby Charge are used to pay for a share of the general administrative costs of the Borrego Water District. The levy is a per parcel charge applied to each parcel within the District <u>except</u> parcels within ID No. 1 (Ram's Hill) and ID No. 3 (Deep Well and La Casa del Zorro). The ID No. 1 share of administrative costs is collected through the ID No. 1 charge (Fund No. 6415-02) while ID No. 3 has a separate standby charge (Fund 6415-04).

The amount to be levied for the Water Availability Standby charge this year is calculated as follows: 3,610 parcels all of which are charged at \$22.80 per parcel for a total of \$82,308.00.

ID NO. 1 - WATER, SEWER AND FLOOD CONTROL (FUND 6415-02)

The funds raised by the ID No. 1 Water, Sewer, and Flood Control charge are used to pay for administration costs and water, sewer, and flood control services.

The amount to be levied for the ID No. 1 Water, Sewer, and Flood Control charge this year is calculated as follows: 679 parcels all of which are charged at \$66.00 per parcel for a total of \$44,814.00 and 27 other parcels charged at varying rates based on a study prepared by Raftelis Financial Consultants ("RFC") dated May 2, 2014 for a total of \$61,397.55.

The study describes the rationale for reducing the amount charged to certain non-residential parcels, golf course parcels, and other undeveloped parcels based on the current land use classifications of the parcels versus what was originally anticipated at the point of time that the availability charge was created.

As indicated in the study, RFC concluded that based on benefit, the amount charged to the parcels being charged \$66.00 per parcel should be increased and that the amount charged to the remaining 27 parcels should be decreased. However, since the District cannot increase a parcel's charge without going through a Proposition 218 ballot proceeding, the District has kept the \$66.00 per parcel charge unchanged from prior years and decreased the charge for the remaining 27 parcels beginning in FY 2015-2016.

PEST CONTROL STANDBY CHARGE (FUND 6415-03)

The funds raised by the Pest Control Standby charge are used to pay for eye gnat control services (not the biting gnat).

June 10, 2020

The amount to be levied for the Pest Control Standby charge this year is calculated as follows: 4,707 parcels all of which are charged at \$2.50 per parcel for a total of \$11,767.50 and three golf course parcels charged varying rates for a total of \$6,095.00.

ID NO. 3 WATER STANDBY CHARGE (FUND 6415-04)

The funds raised by the ID No. 3 Water Standby charge are used to establish reserves for system improvements related to the water wells and system storage. The amount to be levied for the ID No. 3 Water Standby charge this year is calculated as follows: 358 parcels all of which are charged at \$37.70 per parcel for a total of \$13,496.60 and one parcel owned by "LCDZ Investors" (formerly owned by "Copley Press") charged for a total of \$20,150.00.

If you have any questions regarding these charges, please do not hesitate to contact me at (949) 955-1500.

INTRODUCTION

This report provides an analysis of the financial and administrative obligations of Community Facilities District No. 2007-1 ("CFD No. 2007-1") of the Borrego Water District (the "Water District"). The \$9,530,000 Series 2007 Special Tax Bonds (the "Series 2007 Bonds") were issued in June 2007 and have been in default since September 2011. The District and the bond owner agreed to remedy the default of the Series 2007 Bonds through a restructuring in which the Series 2007 Bonds were paid off and accrued interest and penalties, interest and other charges were waived and discharged forever. In addition, as a part of the restructuring, the lien for CFD No. 2007-1 was cancelled for certain property owned by the bond owner and such property was included in a new CFD called CFD No. 2017-1. In May 2017, the Water District issued \$1,100,000 Series 2017A Special Tax Refunding Bonds (the "Series 2017A Bonds") for CFD No. 2007-1 and \$10,300,000 Series 2017B Special Tax Refunding Bonds (the "Series 2017B Bonds") for CFD No. 2017-1. The Series 2017A and 2017B Bonds were issued for the purpose of defeasing and refunding the outstanding CFD No. 2007-1 Bonds. The outstanding Series 2007 bond amounts owed at the time of the restructuring was \$12,816,116, representing principal in the amount of \$9,320,000 (of which \$1,535,000 was past due) and accrued and unpaid interest in the amount of \$3,496,116. A total of \$1,416,116 in accrued and unpaid interest was waived and forever discharged.

CFD No. 2007-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982, (the "Act") as amended. The Act provides an alternative method for the financing of certain public capital facilities and services. Specifically, CFD No. 2007-1 is authorized to issue up to \$11,000,000 in bonds and has sold \$9,530,000 in bonds for purposes of refunding prior bonds issued by CFD No. 95-1 of the Water District, as well as by CFD No. 2007-1. The current outstanding principal is equal to \$985,000 as of August 2, 2019. The Series 2017A Bonds are scheduled to be paid off in year 2032. Pursuant to the Amended and Restated Rate and Method of Apportionment for CFD No. 2007-1 ("RMA"), the special tax shall be levied for a period not to exceed forty years commencing in Fiscal Year 2007-2008. The RMA is included in Appendix C.

The bonded indebtedness of CFD No. 2007-1 is both secured and repaid through the annual levy and collection of special taxes from all property subject to the tax within CFD No. 2007-1. In calculating the special tax liability for fiscal year 2020-2021, this report examines the financial obligations of the current fiscal year and analyzes the level of development within CFD No. 2007-1.

As part of the restructuring, a majority of the taxable property located within Community Facilities District 2007-1 was released from the obligation to pay its CFD No. 2007-1 special taxes and was included in Borrego Water District Community Facilities District No. 2017-1. A Notice of Cancellation was recorded for such property on July 20, 2017. Only 88 lots of Developed Property (and certain exempt property) remain in CFD No. 2007-1. All property expected to be developed in the future has been included in CFD No. 2017-1. A map showing

the property remaining in CFD No. 2007-1 is included in Appendix A.

This report is organized into the following sections:

Section I

Section I provides an update of the development status of property within CFD No. 2007-1.

Section II

Section II analyzes the previous fiscal year's special tax levy and includes a discussion of delinquent special taxes.

Section III

Section III determines the financial obligations of CFD No. 2007-1 for fiscal year 2020-2021.

Section IV

Section IV reviews the methodology used to apportion the special tax requirement between Developed Property and Undeveloped Property. A table of the 2020-2021 special taxes for each classification of property is included.

SECTION I SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

I SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

A Special Tax Classifications

The methodology employed to calculate and apportion the special tax is contained in a document entitled the Amended and Restated Rate and Method of Apportionment of the Special Tax. The Amended and Restated Rate and Method of Apportionment defines two primary categories of taxable property, namely "Developed Property" and "Undeveloped Property." The category of Developed Property is in turn divided into five separate special tax classifications based on the size of the lot or the use of the property. A table of the Developed Property special tax classifications is shown below.

Land Use Class	Description	
1	Residential Property (lot size > 12,000 sq. ft.)	
2	Residential Property (lot size < 12,000 sq. ft.)	
3	Commercial Property	
4	Golf Course Property	
5	Hotel/Motel Property	

Table 1: Developed Property Classifications

Developed Property is distinguished from Undeveloped Property by (i) the recordation of a final map for residential property, (ii) the issuance of a building permit for commercial property or hotel/motel property, and (iii) the determination of Golf Course Property. Specifically, property for which a final map was recorded or a building permit was issued as of January 1 will be classified as Developed Property in the following fiscal year.

B Development Update

Under the original boundaries, CFD No. 2007-1 encompassed approximately 3,140 gross acres of land in unincorporated San Diego County. After the cancellation of the lien for certain property in CFD No. 2007-1, CFD No. 2007-1 now encompasses approximately 997 gross acres. Of this amount, approximately 24 gross acres is considered Residential Property, while the remaining acreage consists of open space, streets, and other uses not subject to the special tax.

Property remaining in CFD No. 2007-1 includes a total of 88 residential lots that are within final subdivision maps and considered Residential Property. There is no property considered Golf Course Property, Commercial Property, or Hotel/Motel Property within CFD No. 2007-1. In addition, there are no parcels located in CFD No. 2007-1 that remain to be developed. The table below indicates the cumulative Developed Property, by class, within CFD No. 2007-1.

SECTION I SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

Table 2: Cumulative Developed Property

Class	Land Use	Number of lots/SF/ Rooms/Acres
1	Residential Property (lot size > 12,000 sq. ft.)	59 lots
2	Residential Property (lot size < 12,000 sq. ft.)	29 lots
3	Commercial Property	0 square feet
4	Golf Course Property	0.00 acres
5	Hotel/Motel Property	0 rooms

SECTION II PRIOR YEAR SPECIAL TAX LEVIES

II PRIOR YEAR SPECIAL TAX LEVIES

The aggregate Special Tax levy for the property located within CFD No. 2007-1 for Fiscal Year 2019-2020 equaled \$112,246. As of June 9, 2020, \$109,191 in special taxes had been collected by the County resulting in a delinquency rate of approximately 2.72%.

III FISCAL YEAR 2020-2021 SPECIAL TAX REQUIREMENT

For fiscal year 2020-2021, the special tax requirement is equal to \$115,689 and is calculated as follows:

Table 3: Fiscal Year 2020-2021 Special Tax Requirement

	Subtotal	Total
Fiscal Year 2020-2021 Obligations		(\$115,689)
Series 2017A Interest Due February 1, 2021	(\$17,113)	
Series 2017A Interest Due August 1, 2021	(\$17,113)	
Series 2017A Principal Due August 1, 2021	(\$65,000)	
Administration Expenses	(\$15,000)	
Delinquency Contingency	(\$1,464)

The components of the fiscal year 2020-2021 gross special tax requirement are shown graphically on the following page.

IV METHOD OF APPORTIONMENT

A Maximum Special Taxes

The amount of special taxes that CFD No. 2007-1 may levy is strictly limited by the maximum special taxes set forth in the Amended and Restated Rate and Method of Apportionment. The maximum special taxes for each classification of Developed Property, or the "Assigned Special Taxes," are specified in Table 1 of Section C of the Amended and Restated Rate and Method of Apportionment.¹

B Termination of Special Tax

The Special Tax shall be levied for a period not to exceed forty years commencing in fiscal year 2007-2008.

C Apportionment of Special Taxes

The special tax that is apportioned to each parcel is determined through the application of Section D of the Amended and Restated Rate and Method of Apportionment. Section D apportions the special tax requirement in five steps which prioritize the order in which Developed Property and Undeveloped Property are taxed.

The first step states that the special tax shall be levied against each parcel of Residential Property, Commercial Property, and Hotel/Motel Property at up to 100 percent of the assigned special tax. If the special taxes raised pursuant to the first step are less than the special tax requirement, then the second step is applied. The second step states that the special tax shall be levied against each parcel of Golf Course Property at up to 100 percent of the assigned special tax. If additional monies are needed, then the third step is applied. The third step states that the special tax shall be levied against all parcels of Undeveloped Property at up to 100 percent of the applicable maximum special tax per acre. Since there is no Golf Course or Undeveloped Property remaining in CFD No. 2007-1, the second and third steps are not necessary. The fourth and fifth steps are designed to accommodate changes in land use and are intended to be used only as a last resort.

Application of the maximum special taxes under the first step generates special tax revenues of \$115,689 from Residential Property, which is equal to the total fiscal year 2020-2021 Special Tax Requirement. To raise revenues sufficient to meet the fiscal year 2020-2021 Special Tax Requirement, special taxes will be levied at 100.00 percent of the Assigned/Maximum Special Taxes on Developed Property. The fiscal year 2020-2021 maximum and actual special taxes are shown for each classification of Developed Property and Undeveloped Property in the following table.

¹Technically, Section C states that the maximum special tax for a parcel of Developed Property is equal to the greater of (i) the rate set forth for the applicable Developed Property classification in Table 1 of Section C or (ii) the "Backup Special Tax." The Backup Special Tax was established for the contingency of a shortfall in revenues resulting from significant changes in development densities. The contingency for which the Backup Special Tax was established does not exist and hence, all discussion of maximum tax rates focuses on the rates set forth for each classification of Developed Property in Section C of the Amended and Restated Rate and Method of Apportionment.

Table 4: Fiscal Year 2020-2021 Special Taxes for Developed Property and Undeveloped Property

Land Use Class	Description	FY 2020-2021 Maximum Special Tax	FY 2020-2021 Actual Special Tax
1	Residential Property (lot size > 12,000 sq. ft.)	\$1,574.00/lot	\$1,574.00/lot
2	Residential Property (lot size < 12,000 sq. ft.)	\$787.00/lot	\$787.00/lot
3	Commercial Property	\$1.38/s.f. of floor area	N/A
4	Golf Course Property	\$1,200.00/acre	N/A
5	Hotel/Motel Property	\$300.00/room	N/A

<u>Third</u>: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property;

<u>Fourth</u>: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the levy of the Special Tax on each Assessor's Parcel of Developed Property whose Maximum Special Tax is determined through the application of the Backup Special Tax shall be increased in equal percentages from the Assigned Special Tax up to the Maximum Special Tax for each such Assessor's Parcel;

<u>Fifth</u>: If additional monies are needed to satisfy the Special Tax Requirement after the first four steps have been completed, then the Special Tax shall be levied Proportionately on each

Assessor's Parcel of Taxable Property Owner Association Property or Taxable Public Property at up to the Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

Notwithstanding the above, under no circumstances will the Special Tax levied against any Assessor's Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased by more than ten percent as a consequence of delinquency or default by the owner of any other Assessor's Parcel within CFD No. 2007-1.

E. <u>EXEMPTIONS</u>

No Special Tax shall be levied on up to 2,125.11 Acres of Property Owner Association Property, Public Property, and Non-Buildable Residential Property. Tax-exempt status will be assigned by the CFD Administrator first to Non-Buildable Residential Property and second, in the chronological order in which property becomes Property Owner Association Property or Public Property. However, should an Assessor's Parcel no longer be classified as Property Owner Association Property or Public Property, its tax-exempt status will be revoked.

Property Owner Association Property or Public Property that is not exempt from Special Taxes under this section shall be subject to the levy of the Special Tax and shall be taxed Proportionately as part of the fourth step in Section D above, at up to 100% of the applicable Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

F. <u>APPEALS AND INTERPRETATIONS</u>

Any property owner claiming that the amount or application of the Special Tax with respect to his or her Assessor's Parcel is not correct and requesting a refund may file a written notice of appeal and refund to that effect with the CFD Administrator not later than one calendar year after having paid the Special Tax that is disputed. The CFD Administrator shall promptly review the appeal, and if necessary, meet with the property owner, consider written and oral evidence regarding the amount of the Special Tax, and decide the appeal. If the CFD Administrator's decision requires the Special Tax be modified or changed in favor of the property owner, a cash refund shall not be made (except for the last year of levy), but an adjustment shall be made to the next Special Tax levy. Any dispute over the decision of the CFD Administrator shall be referred to the Board and the decision of the Board shall be final. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any legal action by such owner.

Interpretations may be made by the Board by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Amended and Restated Rate and Method of Apportionment.

G. MANNER OF COLLECTION

The Special Tax will be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 2007-1 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

H. PREPAYMENT OF SPECIAL TAX

The following definition applies to this Section H:

'Bond Redemption Date' means the redemption date pursuant to the Fiscal Agent Agreement for the Outstanding Bonds to be redeemed with the prepayment.

"CFD Public Facilities Cost" means either \$12.54 million in 2007 dollars, which shall increase by the Inflator on July 1, 2008, and on each July 1 thereafter, or such lower number as (i) shall be determined by the CFD Administrator as sufficient to provide the public facilities to be provided by CFD No. 2007-1 under the authorized bonding program for CFD No. 2007-1, or (ii) shall be determined by the Board concurrently with a covenant that it will not issue any more Bonds to be supported by Special Taxes levied under this Amended and Restated Rate and Method of Apportionment as described in Section D.

"Construction Fund" means an account specifically identified in the Fiscal Agent Agreement to hold funds which are currently available for expenditure to acquire or construct public facilities eligible under the Act.

"Construction Inflation Index" means the annual percentage change in the Engineering News-Record Building Cost Index for the City of Los Angeles, measured as of the calendar year which ends in the previous Fiscal Year. In the event this index ceases to be published, the Construction Inflation Index shall be another index as determined by the CFD Administrator that is reasonably comparable to the Engineering News-Record Building Cost Index for the City of Los Angeles.

"Inflator" means the greater of (i) the annual percentage change in the Construction Inflation Index, as calculated for the twelve (12) months ending December 31 of the prior calendar year or (ii) three percent (3.0%).

"Future Facilities Costs" means the CFD Public Facilities Cost minus (i) funds used to redeem bond issued by Community Facilities District No. 95-1, (ii) public facility costs previously paid from the Construction Fund, (iii) moneys currently on deposit in the Construction Fund, and (iv) moneys currently on deposit in an escrow fund that are expected to be available to finance facilities costs.

"Outstanding Bonds" means all Previously Issued Bonds which are deemed to be outstanding under the Fiscal Agent Agreement after the first interest and/or principal payment date following the current Fiscal Year.

"Previously Issued Bonds" means all Bonds that have been issued by CFD No. 2007-1 prior to the date of prepayment.

1. Prepayment in Full

The obligation of an Assessor's Parcel to pay the Special Tax may be prepaid and permanently satisfied as described herein; provided that a prepayment may be made only for Assessor's Parcels of Developed Property, or Undeveloped Property for which a building permit has been issued or that is within a Residential Final Map, and only if there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the prepayment amount for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this service.

The Prepayment Amount (defined below) shall be calculated as summarized below (capitalized terms as defined below):

D 1	Dadama	-4:	A
Bona	Keaem	ntion.	Amount

plus	Redemption Premium
plus	Future Facilities Amount
plus	Defeasance Amount

plus Administrative Fees and Expenses

Total: equals

Reserve Fund Credit
Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined below) shall be calculated as follows:

Step No.:

- 1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.
- 2. For Assessor's Parcels of Developed Property, compute the Assigned Special Tax and Backup Special Tax applicable for the Assessor's Parcel to be prepaid. For Assessor's Parcels of Undeveloped Property (for which a building permit has been issued or that is within a Residential Final Map) to be prepaid, compute the Assigned Special Tax and Backup Special Tax for that Assessor's Parcel as though it was already designated as Developed Property.

- 3. (a) Divide the Assigned Special Tax, computed pursuant to paragraph 2, by the total estimated Assigned Special Taxes for the entire CFD No. 2007-1 based on the Developed Property Assigned Special Taxes which could be charged in the current Fiscal Year on all expected development through buildout of CFD No. 2007-1, and
 - (b) Divide the Backup Special Tax for Developed Property, computed pursuant to paragraph 2, by the estimated Maximum Special Taxes from Developed Property at buildout of CFD No. 2007-1 plus the Maximum Special Tax for the Assessor's Parcel of Taxable Property Owner Association Property or Taxable Public Property being prepaid (if applicable), excluding any Assessor's Parcels which have been prepaid.
- 4. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "Bond Redemption Amount").
- 5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium, if any, as set forth in the Fiscal Agent Agreement, on the Outstanding Bonds to be redeemed (the "Redemption Premium").
- 6. Compute the current Future Facilities Costs.
- 7. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the "Future Facilities Amount").
- 8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the Bond Redemption Date.
- 9. Determine the Special Taxes levied on the Assessor's Parcel in the current Fiscal Year which have not yet been paid.
- 10. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount (as defined below) less the Future Facilities Amount and the Administrative Fees and Expenses (as defined below) from the date of prepayment until the Bond Redemption Date.
- 11. Add the amounts computed pursuant to paragraphs 8 and 9 and subtract the amount computed pursuant to paragraph 10 (the "Defeasance Amount").
- 12. Verify the administrative fees and expenses of CFD No. 2007-1, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "Administrative Fees and Expenses").

- 13. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Fiscal Agent Agreement) on the prepayment date, a reserve fund credit shall be calculated based on a reduction in the applicable reserve fund for the Outstanding Bonds, as set forth in the Fiscal Agent Agreement, to be redeemed pursuant to the prepayment (the "Reserve Fund Credit"). No Reserve Fund Credit shall be granted if reserve funds are below 100% of the reserve requirement.
- 14. The Special Tax prepayment is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 11 and 12, less the amount computed pursuant to paragraph 13 (the "Prepayment Amount").
- 15. From the Prepayment Amount, the amounts computed pursuant to paragraphs 4, 5, 11 and 13 shall be deposited into the appropriate fund as established under the Fiscal Agent Agreement and be used to retire Outstanding Bonds or make debt service payments. The amount computed pursuant to paragraph 7 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 12 shall be retained by CFD No. 2007-1.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Fiscal Agent Agreement to be used with the next prepayment of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 9 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel that is prepaid, the Board shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of Special Taxes and the release of the Special Tax lien on such Assessor's Parcel, and the obligation of such Assessor's Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Assigned Special Taxes that may be levied on current and future Developed Property based on expected development at buildout, both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

2. Prepayment in Part

The Special Tax on an Assessor's Parcel of Developed Property or an Assessor's Parcel of Undeveloped Property for which a building permit has been issued or that is within a Residential Final Map may be partially prepaid. The amount of the prepayment shall be calculated as in Section H.1; except that a partial prepayment shall be calculated according to the following formula:

$$PP = (P_E - A) \times F + A$$

These terms have the following meaning:

PP = the partial prepayment

 P_E = the Prepayment Amount calculated according to Section H.1

F = the percentage by which the owner of the Assessor's Parcel(s) is

partially prepaying the Special Tax.

A = the Administration Fees and Expenses from Section H.1

The owner of any Assessor's Parcel who desires such prepayment shall notify the CFD Administrator of such owner's intent to partially prepay the Special Tax and the percentage by which the Special Tax shall be prepaid. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax for an Assessor's Parcel within thirty (30) days of the request and may charge a reasonable fee for providing this service. With respect to any Assessor's Parcel that is partially prepaid, the Water District shall (i) distribute the funds remitted to it according to Section H.1, and (ii) indicate in the records of CFD No. 2007-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the remaining Maximum Special Tax, shall continue to be levied on such Assessor's Parcel pursuant to Section D.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Assigned Special Taxes that may be levied on current and future Developed Property based on expected development at buildout, both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

I. TERM OF SPECIAL TAX

The Special Tax shall be levied for a period not to exceed forty years commencing in Fiscal Year 2007-08.

INTRODUCTION

This report provides an analysis of the financial and administrative obligations of Community Facilities District No. 2017-1 ("CFD No. 2017-1") of the Borrego Water District (the "Water District"). In May 2017, the Water District issued \$10,300,000 Series 2017B Special Tax Refunding Bonds (the "Bonds") for CFD No. 2017-1. The Bonds were issued for the purpose of defeasing and refunding a portion of the outstanding CFD No. 2007-1 Bonds which were previously in default.

CFD No. 2017-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982, (the "Act") as amended. The Act provides an alternative method for the financing of certain public capital facilities and services. Specifically, CFD No. 2017-1 is authorized to issue up to \$10,300,000 in bonds and has issued \$10,300,000 in bonds for the purpose of defeasing and discharging a portion of the CFD No. 2007-1 Series 2007 Bonds. No principal payments have been paid on the Bonds. The first principal payment will be made on August 1, 2021. The Bonds are scheduled to be paid off in year 2042. Pursuant to the Rate and Method of Apportionment for CFD No. 2017-1 ("RMA"), the special tax shall be levied for a period not to exceed forty years commencing in Fiscal Year 2020-2021. The RMA is included in Appendix C.

The bonded indebtedness of CFD No. 2017-1 is both secured and repaid through the annual levy and collection of special taxes from all property subject to the tax within CFD No. 2017-1. In calculating the special tax liability for fiscal year 2020-2021, this report examines the financial obligations of the current fiscal year and analyzes the level of development within CFD No. 2017-1.

A map showing the property in CFD No. 2017-1 is included in Appendix A.

This report is organized into the following sections:

Section I

Section I provides an update of the development status of property within CFD No. 2017-1.

Section II

Section II analyzes the previous fiscal year's special tax levy and includes a discussion of delinquent special taxes.

Section III

Section III determines the financial obligations of CFD No. 2017-1 for fiscal year 2020-2021.

Section IV

Section IV reviews the methodology used to apportion the special tax requirement between Developed Property and Undeveloped Property. A table of the 2020-2021 special taxes for each classification of property is included.

SECTION I SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

I SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

A Special Tax Classifications

The methodology employed to calculate and apportion the special tax is contained in a document entitled the Rate and Method of Apportionment of the Special Tax. The Rate and Method of Apportionment defines two primary categories of taxable property, namely "Developed Property" and "Undeveloped Property."

Developed Property is distinguished from Undeveloped Property by the issuance of a building permit by the County for purposes of constructing a new residential or non-residential development. Specifically, property for which a final map was recorded or a building permit was issued as of January 1 will be classified as Developed Property in the following fiscal year. For example, all property in CFD No. 2017-1 for which the above events had occurred as of January 1, 2020, will be classified as Developed Property in fiscal year 2020-2021.

B Development Update

CFD No. 2017-1 encompasses approximately 1,878 gross acres of land in unincorporated San Diego County. As of January 1, 2020, there was no property classified as Developed Property. Approximately 1,641 acres of Undeveloped Property are taxable and approximately 236 acres are Exempt Property.

Property Classification	Number of Acres
Developed Property	0 acres
Undeveloped Property	1,641.38 acres

SECTION II PRIOR YEAR SPECIAL TAX LEVIES

II PRIOR YEAR SPECIAL TAX LEVIES

All Fiscal Year 2019-2020 special taxes for CFD No. 2017-1 were direct billed by the Water District. The aggregate Special Tax levy for the property located within CFD No. 2017-1 for Fiscal Year 2019-2020 equaled \$436,026. As of June 9, 2020, all Fiscal Year 2019-2020 special taxes have been paid in full.

III FISCAL YEAR 2020-2021 SPECIAL TAX REQUIREMENT

For fiscal year 2020-2021, the Special Tax Requirement for Bonds Held by Bond Owner is equal to \$734,683 and is calculated as follows:

SECTION IV METHOD OF APPORTIONMENT

IV METHOD OF APPORTIONMENT

A Maximum Special Taxes

The amount of special taxes that CFD No. 2017-1 may levy is strictly limited by the maximum special taxes set forth in the Rate and Method of Apportionment. The maximum special taxes for Developed Property, or the "Assigned Special Taxes," are specified in Section C of the Rate and Method of Apportionment.

B Termination of Special Tax

The Special Tax shall be levied for a period not to exceed forty years commencing in fiscal year 2019-2020.

C Apportionment of Special Taxes

The special tax that is apportioned to each parcel is determined through the application of Section D of the Rate and Method of Apportionment. Section D apportions the special tax requirement in two steps which prioritize the order in which Developed Property and Undeveloped Property are taxed.

The first step states that the special tax shall be levied against each parcel of Developed Property at up to 100 percent of the applicable Maximum Special Tax. If the special taxes raised pursuant to the first step are less than the special tax requirement, then the second step is applied. The second step states that the special tax shall be levied against each parcel of Undeveloped Property at up to 100 percent of the Maximum Special Tax.

Application of the maximum special taxes under the first step generates special tax revenues of \$0 from Developed Property, leaving all \$734,683 to be levied against Undeveloped Property. Dividing this amount by the 1,641.37 acres of Undeveloped Property results in a tax of \$447.60 per acre of Undeveloped Property. The fiscal year 2020-2021 maximum and actual special taxes are shown for each classification of Developed Property and Undeveloped Property in the following table.

Table 3: Fiscal Year 2020-2021 Special Taxes for Developed Property and Undeveloped Property

Property Classification	FY 2020-2021 Maximum Special Tax	FY 2020-2021 Actual Special Tax
Developed Property	\$740.00/acre	N/A

[&]quot;Third Party" means an entity other than the Bond Owner.

"Undeveloped Property" means, for each Fiscal Year, all Taxable Property not classified as Developed Property.

"Water District" means the Borrego Water District.

B. ASSIGNMENT TO LAND USE CATEGORIES

Each Fiscal Year, commencing Fiscal Year 2017-18, all Taxable Property within CFD No. 2017-1 shall be classified as Developed Property or Undeveloped Property, and shall be subject to Special Taxes in accordance with the rate and method of apportionment determined pursuant to Sections C and D below.

C. <u>MAXIMUM SPECIAL TAX</u>

1. Developed Property

The Maximum Special Tax for each Assessor's Parcel classified as Developed Property shall be equal to \$740 per Acre.

2. Undeveloped Property

The Maximum Special Tax for Undeveloped Property in CFD No. 2017-1 shall equal \$740 per Acre.

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAX

For each Fiscal Year, commencing Fiscal Year 2017-18, if Bonds have been sold to a Third Party, then the Board shall determine the Special Tax Requirement following sale of Bonds to a Third Party and shall levy the Special Tax as described below. If Bonds have not yet been sold to a Third Party, then the Board shall determine the Special Tax Requirement for Bonds held by Bond Owner and shall levy the Special Tax as described below.

<u>First</u>: The Special Tax shall be levied Proportionately on each Assessor's Parcel of Developed Property at up to 100% of the applicable Maximum Special Tax; and

<u>Second</u>: If additional monies are needed to satisfy the Special Tax Requirement after the first step has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property.

Notwithstanding the above, under no circumstances will the Special Tax levied in a Fiscal Year against any Assessor's Parcel of Developed Property for which an occupancy permit for private residential use has been issued be increased by more than ten percent (10%) above the amount that would have been levied in that Fiscal Year as a consequence of delinquency or default by the owner of any other Assessor's Parcel within CFD No. 2017-1. To the extent that the levy of the Special Tax on residential property is limited by the provision in the

previous sentence, the levy of the Special Tax on all other Assessor's Parcels shall continue in equal percentages at up to 100% of the Maximum Special Tax.

E. <u>EXEMPTIONS</u>

No Special Tax shall be levied on the Exempt Property identified in Exhibit A.

In addition, no Special Tax shall be levied on Property Owner Association Property and Public Property.

F. APPEALS AND INTERPRETATIONS

Any property owner claiming that the amount or application of the Special Tax with respect to his or her Assessor's Parcel is not correct and requesting a refund may file a written notice of appeal and refund to that effect with the CFD Administrator not later than one calendar year after having paid the Special Tax that is disputed. The CFD Administrator shall promptly review the appeal, and if necessary, meet with the property owner, consider written and oral evidence regarding the amount of the Special Tax, and decide the appeal. If the CFD Administrator's decision requires the Special Tax be modified or changed in favor of the property owner, a cash refund shall not be made (except for the last year of levy), but an adjustment shall be made to the next Special Tax levy. Any dispute over the decision of the CFD Administrator shall be referred to the Board and the decision of the Board shall be final. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any legal action by such owner.

Interpretations may be made by the Board by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment.

G. MANNER OF COLLECTION

The Special Tax will be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 2017-1 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

H. PREPAYMENT OF SPECIAL TAX

The following definition applies to this Section H:

"Bond Redemption Date" means the redemption date pursuant to the Fiscal Agent Agreement for the Outstanding Bonds to be redeemed with the prepayment.

"Outstanding Bonds" means all Previously Issued Bonds which are deemed to be outstanding under the Fiscal Agent Agreement after the first interest and/or principal payment date following the current Fiscal Year.

"Previously Issued Bonds" means all Bonds that have been issued by CFD No. 2017-1 prior to the date of prepayment.

1. Prepayment in Full

The obligation of an Assessor's Parcel of Developed Property or Undeveloped Property to pay the Special Tax may be prepaid and permanently satisfied as described herein; provided that (i) Bonds have been issued and (ii) there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the prepayment amount for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this service.

The Prepayment Amount (defined below) shall be calculated as summarized below (capitalized terms as defined below):

Bond Redemption Amount

plus Redemption Premium plus Defeasance Amount

plus Administrative Fees and Expenses

Total: equals

Reserve Fund Credit
Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined below) shall be calculated as follows:

Step No.:

- 1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.
- 2. Compute the Maximum Special Tax applicable for the Assessor's Parcel to be prepaid.
- 3. Divide the Maximum Special Tax, computed pursuant to paragraph 2, by the total estimated Maximum Special Taxes for the entire CFD No. 2017-1 based on the Maximum Special Taxes which could be charged in the current Fiscal Year in CFD No. 2017-1.
- 4. Multiply the quotient computed pursuant to paragraph 3 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "Bond Redemption Amount").

- 5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium, if any, as set forth in the Fiscal Agent Agreement, on the Outstanding Bonds to be redeemed (the "Redemption Premium").
- 6. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the Bond Redemption Date.
- 7. Determine the Special Taxes levied on the Assessor's Parcel in the current Fiscal Year which have not yet been paid.
- 8. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount (as defined below) less the Administrative Fees and Expenses (as defined below) from the date of prepayment until the Bond Redemption Date.
- 9. Add the amounts computed pursuant to paragraphs 6 and 7 and subtract the amount computed pursuant to paragraph 8 (the "Defeasance Amount").
- 10. Verify the administrative fees and expenses of CFD No. 2017-1, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "Administrative Fees and Expenses").
- 11. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Fiscal Agent Agreement) on the prepayment date, a reserve fund credit shall be calculated based on a reduction in the applicable reserve fund for the Outstanding Bonds, as set forth in the Fiscal Agent Agreement, to be redeemed pursuant to the prepayment (the "Reserve Fund Credit"). No Reserve Fund Credit shall be granted if reserve funds are below 100% of the reserve requirement.
- 12. The Special Tax prepayment is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 9 and 10, less the amount computed pursuant to paragraph 11 (the "Prepayment Amount").
- 13. From the Prepayment Amount, the amounts computed pursuant to paragraphs 4, 5, 9 and 11 shall be deposited into the appropriate fund as established under the Fiscal Agent Agreement and be used to retire Outstanding Bonds or make debt service payments. The amount computed pursuant to paragraph 10 shall be retained by CFD No. 2017-1.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Fiscal Agent Agreement to be used with the next prepayment of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 7 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel that is prepaid, the Board shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of Special Taxes and the release of the Special Tax lien on such Assessor's Parcel, and the obligation of such Assessor's Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Maximum Special Taxes that may be levied on all property in CFD No. 2017-1, both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

2. Prepayment in Part

The Special Tax on an Assessor's Parcel located in CFD No. 2017-1 may be partially prepaid. The amount of the prepayment shall be calculated as in Section H.1; except that a partial prepayment shall be calculated according to the following formula:

$$PP = (P_E - A) \times F + A$$

These terms have the following meaning:

PP = the partial prepayment

 P_E = the Prepayment Amount calculated according to Section H.1

 $F\!=\!$ the percentage by which the owner of the Assessor's Parcel(s) is

partially prepaying the Special Tax.

A = the Administration Fees and Expenses from Section H.1

The owner of any Assessor's Parcel who desires such prepayment shall notify the CFD Administrator of such owner's intent to partially prepay the Special Tax and the percentage by which the Special Tax shall be prepaid. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax for an Assessor's Parcel within thirty (30) days of the request and may charge a reasonable fee for providing this service. With respect to any Assessor's Parcel that is partially prepaid, the Water District shall (i) distribute the funds remitted to it according to Section H.1, and (ii) indicate in the records of CFD No. 2017-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the remaining Maximum Special Tax, shall continue to be levied on such Assessor's Parcel pursuant to Section D.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Maximum Special Taxes that may be levied all property in CFD No. 2017-1, both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

I. TERM OF SPECIAL TAX

The Special Tax shall be levied for a period not to exceed forty years commencing in Fiscal Year 2017-18.

WHEREAS, the Borrego Water District (the "District") previously established Community Facilities District No. 2017-1 of the Borrego Water District ("CFD No. 2017-1") pursuant to the terms and provisions of the Mello-Roos Community Facilities Act of 1982, as amended; and

WHEREAS, the Board of Directors of the District acting as the legislative body of CFD No. 2017-1 is authorized pursuant to Resolution No. 2017-04-08 adopted April 18, 2017 (the "Resolution of Formation") and Ordinance No. 17-01 adopted by the Board of Directors of the District on 17-01 (the "Ordinance"), to levy a special tax sufficient to pay principal, interest, other periodic costs and administrative expenses with respect to bonds of CFD 2017-1 and any bonds and/or certificates of participation proposed to be issued to finance the Facilities (the "Bonds") and to pay certain costs of the Facilities (as defined in the Resolutions of Formation); and

WHEREAS, it is now necessary and appropriate that this Board levy and collect the special taxes for the Fiscal Year 2020-2021 for the purpose specified in the Ordinance, by the adoption of a resolution as specified by the Act and the Ordinance; and

WHEREAS, the special taxes being levied hereunder are at the same rate or at a lower rate than provided by the Ordinance;

NOW, THEREFORE, THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT, ACTING IN ITS CAPACITY AS THE LEGISLATIVE BODY OF COMMUNITY FACILITIES DISTRICT NO. 2017-1, DOES HEREBY RESOLVE, DETERMINE AND ORDER AS FOLLOWS:

- <u>SECTION 1</u>. The above recitals are true and correct. After adoption of this Resolution, the General Manager, or designee, may make any necessary modifications to these charges to correct any errors, omissions or inconsistencies in the listing or in the amount to be charged based on changes from the final 2020 County of San Diego Assessor's Roll.
- SECTION 2. The special tax ("Special Tax") is imposed without regard to property valuation and is levied in compliance with the Mello-Roos Community Facilities Act of 1982, as amended, commencing with Government Code Section 53311 (the "Act") and the Ordinance.

1. Proposed Raftelis Contract Amendment

July 9, 2020

Mr. Geoff Poole General Manager Borrego Water District 806 Palm Canyon Drive Borrego Springs CA 92004

Subject: Proposal to Provide Consulting Services for 2020 Financial Planning and Rate Studies

Dear Mr. Poole:

Raftelis Financial Consultants, Inc. (Raftelis) is pleased to submit this scope to perform additional financial planning, developer fee, and rate setting services for the Borrego Water District (District). Based on discussions with the District, the following scope outlines the tasks Raftelis believes will be involved for these services and to complete the five-year rate studies for water and wastewater services.

If you agree with the proposed fee, please sign in the space on the last page and return one copy for our files. Please do not hesitate to call me at (213) 262-9304 or Kevin Kostiuk at (760) 519-8520 should you have any questions.

We appreciate the opportunity to continue assisting the District with these important Studies.

Sincerely,

Sanjay Gaur

Vice President

Scope of Services

Task 1 – Financial Plan Model Update & Scenario Analysis

This task includes updating the projections of financial, account, water use information for the water system and wastewater system. Budget items include annual costs related to the water system and sewer system, labor, power, materials, capital expenditures, operating and maintenance (O&M) expenses, reserve contributions, depreciation, and debt service. Future costs will be projected using assumptions based on different economic factors, inflationary factors, and growth trends.

The model forecasts revenue needs over the long-term planning period for water and sewer service areas, separately. Revenue requirements are projected over the planning horizon (10-20 years) using historical data, current year budgeted operating expenses, multiple CIP scenarios, the utilities' existing and future debt service, other obligations, and current economic trends.

The task also includes hours to evaluate funding needs and funding scenarios between Raftelis, District staff, and the District's other financial advisors. We will develop financing options for the capital improvement program, potential water supply purchases, and other future costs that smooth rate impacts and maintain a financially sustainability agency.

The water and sewer model cash flows incorporate revenues generated from different sources, expenses needed to maintain the water and sewer systems, as well as the coverage required to meet current and proposed debt service requirements.

Raftelis will conduct three web meetings with District Staff to review and validate new inputs to the financial plan models and to work on identifying the most appropriate financial plan options given the District's future needs.

Meetings/Workshops: Three (3) web-meetings with District Staff and District advisors to review and finalize financial plans

Deliverables: Water and Wastewater Financial Plan Models in Microsoft Excel

Task 2 – Updated and Revised Water and Wastewater Rate Design

Raftelis has completed the bulk of the water and sewer rate models as part of our 2019 work. The District has requested revisions and re-examination of rate design for water and sewer services; namely, the options for residential water tiers, the recovery of certain water system cost components within the commodity charges, and estimated wastewater flow generation of the District's customer classes and service areas. This task will build on the 2019 work to refine water and sewer rate alternatives for a five-year rate plan. The model has the flexibility to compare the current rate structure with modified rate structure(s), specifically, a three-tiered rate structure for the water utility.

This task also includes completion of a customer impact analysis dashboard for water and sewer services whereby Raftelis determines the impact of rate changes to each District customer and each customer bill. This analysis determines the potential financial impact on customers that may result from the proposed rate structure. In our impact analysis graphics, we regenerate every monthly bill of each

account assuming the new proposed rates were already in place to determine the "true" impact of the new rate structure on District customers.

Meetings/Workshops: Three (3) web-meetings with District Staff to refine and finalize the rate design options and review customer impacts

Deliverables: Water and Sewer Rate Models in Microsoft Excel

Task 3 – Developer Charges - Water and Sewer

As part of the 2019 work, Raftelis has constructed a capacity fee model for the water utility and for the sewer utility. These models derive a fee for new connections to the systems. The goal of the 2019 study was to update the existing capacity fees using the current approach and methodology using updated data; however, significant changes to the system since the District last updated these fees and constraints on data availability require additional analysis and discussion to update the water and sewer capacity fees as desired by the District.

The calculation of the fees depends on current fixed assets valuation, planned future capital improvements, capital financing assumptions, system capacities, and the level of service (or demand requirements) of new customers; and Raftelis assumes multiple rounds of discussion to calculate fees that are equitable to existing users and may account for service area specifics and contractual agreements. Additional hours are reflected in this task for analysis of other developer charges (i.e. Water Supply Charge) and to assist the District in updating its adopted Developer Fee Policy.

Meetings/Workshops: Two (2) web-meeting with District Staff to review connection fee calculation results

Deliverables: Connection Fee Model in Microsoft Excel

Task 4 – Draft and Final Reports

The reports will include an executive summary highlighting the major issues addressed, decisions reached, and recommended rates developed during the Studies. The main body of the report will include a brief physical description of the water and sewer systems and District characteristics, details of the financial plans and reserve policies, cost of service analyses, rate design details, and the proposed five-year water and sewer rates for fiscal years (FY) 2022-2026. It will also contain a discussion on rate structure selection and rate design assumptions. The methodology describing the cost of service analyses and rate calculations will be described in detail so that the nexus between costs and rates is clearly defined and understandable.

Proposed connection fees will be described in the report and will satisfy applicable regulatory requirements (Government Code 66000). Raftelis will provide a draft report to District Staff to comment and edit and will incorporate those changes into the final report.

Meetings/Workshops: One (1) conference call with District Staff to review the draft report(s) and one (1) Study presentation to the District Board of Directors

Deliverables: Draft and Final Reports in Microsoft Word and Adobe PDF

Task 5 — Public Hearing

Raftelis will review the Proposition 218 notice and be available to assist the District with questions during the Proposition 218 process. Raftelis will attend the Public Hearing to adopt the recommended rates and will be available to answer any questions from the Board and public as well as to present the Study if requested.

Meetings/Workshops: One (1) Public Hearing

Deliverables: Presentation materials, if necessary, in Microsoft PowerPoint

Fees and Hours

ITEM EXPLANATION:

To fund future planned BWD expenses included in its Capital Improvement Plan (currently estimated at \$14.6 M), issuance of debt seems inevitable. Staff and Director Brecht have been in discussions with Fieldman Rolapp to obtain their input on possible debt sizing and timing. This information will be incorporated into the Cost of Service Study mentioned in the previous agenda item. The attached Contract meets the need of BWD in this area.

BORREGO WATER DISTRICT BOARD OF DIRECTORS MEETING JULY 14, 2020 AGENDA ITEM II.E

July 8, 2020

TO: Board of Directors

FROM: Geoffrey Poole, General Manager

SUBJECT: BWD Cost Calculations for Possible Watermaster Assistance: Meter Related Services – G

Poole

RECOMMENDED ACTION:

Discuss possible hourly rates for BWD to provide meter related services to the Watermaster. The actual expense will be calculated once the specific workload is determined.

ITEM EXPLANATION:

The BS Watermaster Board has asked BWD to provide a quotation for reading non-automated meters and conformance evaluation on all Pumper meters in the Basin, specifically:

- 1. Meter Reading Process:
 - i. Notify Property Owner: Let P/O know day and time of meter reading and encourage someone to accompany Reader.
 - ii. Take Photo: Drive to meter and take a photo of each meter face with DATE/TIME stamp.
 - iii. Send to Watermaster: Forward photo to the Watermaster Executive Director.
 - iv. Prior to reading the meter, a Right of Entry Permit will be needed for each location. BWD District Engineer would process the paperwork. A one time fee will be charged for this service.
- 2. Meter Installation Conformance Evaluation: BWD District Engineer could also provide on site or virtual inspection (TBD) to confirm each meter is installed to industry standards. One of the primary criteria is the length of pipelines up and downstream of the meter.

Actual salaries for Meter Readers (average) and our District Engineer were used to calculate the cost as shown below:

Meter Reading Hourly \$45.63 = \$34.57(Hourly + 49% EE Burden) + \$11.06 (32% Overhead)

Engineer Hourly \$104.24 = \$78.97(Hourly + 49% EE Burden) + \$25.27 (32% Overhead)

The Board may want to consider a "Contingency" or similar to the numbers above. Staff recommends proposing a Time and Material relationship with the Watermaster using the hourly rates above plus expenses including mileage.

NEXT STEPS

Forward information to Watermaster Board and propose a Time and Material Contract for Meter Related Services. Quotations from other are likely to happen and that's OK if another source proves to be better for the Watermaster.

July 8, 2020

TO: Board of Directors

FROM: Geoffrey Poole, General Manager

SUBJECT: COVID-19 Update: HR 7073 Support Letter – G Poole

RECOMMENDED ACTION:

Authorize submittal of letter of Support for Hr7073

ITEM EXPLANATION

The California Special Districts Association is proud to support a bill introduced Monday that would provide special districts across the United States access to federal relief measures to assist state and local governments with unforeseen budgetary hardship resulting from the COVID-19 pandemic.

Congressman John Garamendi, D-Calif., introduced HR 7073, the "Special Districts Provide Essential Services Act," which would give special districts access to key resources available to local governments under the CARES Act, including the Coronavirus Relief Fund and the Federal Reserve's Municipal Liquidity Facilities program.

Special districts are local governments created by a community to deliver specialized services – such as critical infrastructure, first response and community enrichment services – that are essential to residents' health, safety, economy, and well-being. Approximately 30,000 special districts across the country continue to serve millions of Americans and respond to needs within their communities while facing the constraints of the pandemic.

"Special districts in California and across the nation have been financially strained due to COVID-19 and have been excluded from much-needed federal relief," said Neil McCormick, CEO with the California Special Districts Association (CSDA). "The Special Districts Provide Essential Services Act will help thousands of these specialized local governments to continue to provide important infrastructure, first response and other critical local services for millions of Americans through this pandemic. The aid will help special districts continue to focus on preparing for emergencies we know inevitably are ahead, like wildfires and

Public Safety Power Shutoffs. CSDA proudly supports the bill and thanks Congressman Garamendi for spearheading this effort."

The legislation would require a state to distribute no less than five percent of any future Coronavirus Relief Fund monies received by the state to in each respective state within 60 days of receiving the resources. The bill would also authorize the Federal Reserve to consider special districts as "eligible issuers" for its Municipal Liquidity Facilities program to purchase suitable municipal bond and revenue anticipation notes.

Lastly, the bill establishes a definition of "special district", which currently does not exist in federal statute: "The term 'special district' means a political subdivision, formed pursuant to general law or special act of a state, for the purpose of performing one or more governmental or proprietary functions."

The bill has earned the endorsement of CSDA and a national coalition of state special districts associations in Colorado, Florida, Oregon and Utah. A coalition of <u>12 special</u> <u>districts stakeholder organizations in California</u> also endorse the Special Districts Provide Essential Services Act.

CSDA will continue to work with state and national coalition partners to represent the needs of special districts at the state and federal level. CSDA seeks support for this bill and future legislation to that could bring aid to special districts. If you have any questions contact Cole Karr, Public Affairs Field Coordinator at colek@csda.net. [Address] Washington, D.C. 20515

The Honorable Dianne Feinstein United States Senate 331 Hart Senate Office Building Washington, D.C. 20510

The Honorable Kamala Harris United States Senate 112 Hart Senate Office Building Washington, D.C. 20510

Dear Senator Feinstein and Senator Harris and Congress XXX,

The Borrego Water District (BWD) respectfully urges you to support H.R. 7073, the Special Districts Provide Essential Services Act, which would bring much-needed relief resources to special districts in our community, throughout California, and across the nation.

As a provider of water, sewer and flood control in Borrego Springs to 3,000 full time and 5,000 seasonal residents in the Borrego Springs, proportional access to federal relief resources would help our district confront COVID-19 and overcome related unbudgeted expenses and revenue losses. Access to capital as our state and nation struggle with an economic downturn and unprecedented unemployment situation will be key for continuing operations unhindered, restoring our local economy, and preparing for the next disaster.

BWD is preparing for the possibility of incurring decreased water and sewer revenues and increased payment delinquencies. Additional capital expenditures have also been incurred to allow for more efficient work from home .

H.R. 7073 would help the BWD meet the challenges of COVID-19 by:

- Allowing special districts access to the Coronavirus Relief Fund. Under the bill, states would be required to allocate no less than 5 percent of future Coronavirus Relief Fund disbursements to special districts. Doing so remedies deep concerns and uncertainty surrounding special districts' future access to much-needed assistance for unforeseen COVID-19-related expenditures and revenue loss. Even with the Fund's allocation under the CARES Act, many states have not yet released their portion of the Fund to local governments, including here in California. Designating special districts as eligible for the Fund would greatly assist districts in their attempts to both recoup revenue losses and backfill the increase in expenditures many have experienced due to a variety of pandemic-related expenses (PPE, etc.), which totals an estimated \$250 million through May 5 for California's special districts.
- Permitting special districts to be considered "eligible issuers" of the Federal Reserve
 Board's Municipal Liquidity Facility (MLF). The Federal Reserve established the MLF as a tool to
 use funds provided in the CARES Act to purchase bonds and revenue anticipation notes to support
 States and some local governments experiencing financial stress. Despite special districts' authority
 to issue these notes, they were not included as "eligible issuers" under the MLF. H.R. 7073
 corrects this omission and makes special districts "eligible issuers" for purposes of the MLF as well.

• **Defines "special district".** Currently, a federal definition for "special district" does not exist. The bill would establish the term as a "political subdivision, formed pursuant to general law or special act of a State, for the purpose of performing one or more governmental or proprietary functions."

As Congress continues to negotiate next steps for COVID-19 relief for state and local governments, the BWD not only asks for your support on this bill in the U.S. House but also its provisions' inclusion in the Senate's version of a state and local relief bill.

Thank you for your ongoing support of California's families and communities. Our district stands ready to partner with you in our continued efforts to deliver essential services to California residents.

Sincerely,

Geoff Poole General Manager, BWD

- 1. Info from Director Brecht
- 2. Staff Memo to Board on SDCWA Project

Imported Water

- imported water is a two edged sword, not a panacea. Unless someone else pays for the pipeline, this is a nonstarter for Borrego
- * imported water is expensive. Colorado River water is running \$1,200-\$3,000/AF delivered cost in CA today. This would be in addition to today's \$1,400/ AF BWD cost
- * proponents of pipelines that would be paid for by others claim that *conjunctive use* (injecting and storing imported water in the basin) would fully subsidize imported water costs
- * storing someone else's imported water in the basin would not alter SGMA's mandate for sustainable use of the basin. In fact, it is unlikely anyone wishing to store imported water in the basin would do so if the basin was being overdrafted

Imported Water

- depending on the quality of the imported water, injecting imported water into the basin could destroy the present water quality of the Subbasin's groundwater. This would result in additional BWD costs for advanced treatment to meet drinking water standards
- depending on the amount and frequency of imported water stored and withdrawn from the basin, the resulting rapid changes in water levels could ruin the structural integrity of the basin. This could result in compaction and subsidence. If this occurs, this would add millions of dollars in costs for the Borrego community
- during a drought, the availability of imported water may be curtailed. Climate change is increasing the frequency of droughts and lessening the dependability of access to imported water

RE: Regional Conveyance System Study Phase A Materials

Dear Water Authority Board and Member Agency Managers:

As the Water Authority's Board of Directors is keenly aware, our Exchange Agreement with the Metropolitan Water District (MWD) to transport 200,000 acre-feet of conserved water from the Imperial Valley expires in 2047. Thus, while transportation of our additional 80,000 acre-feet of canal lining water is assured through 2112, we have only a little more than 25-years to secure cost-effective transportation of our conserved water, or, plan for other alternatives. As the Board is also aware, our conserved Quantification Settlement Agreement (QSA) water is highly reliable and currently represents 50% of our regional long-term water supply portfolio. The Regional Conveyance System Study (RCSS) is intended to inform the significant regional long-term water supply and conveyance planning decisions necessary to meet the needs of our region for the next 100 years, and to fully analyze the options available to the Water Authority's Board of Directors.

At the May 19 Member Agency Managers' meeting, I said that the RCSS Phase A materials would be completed and ready to share with you by June 12. As promised, I'm providing you the following electronic files available for your download from this link RCSS Phase A Materials:

- Attachment 1- Hunter Pacific Group Executive Summary Report Financial Analysis Review – Independent 3rd Party Review of Financial Analysis for the Regional Conveyance System, dated May 20, 2020 (HPG Report)
- Attachment 2 Black & Veatch Regional Conveyance System Study Phase A Draft Report, dated June 11, 2020 (Draft B&V Report)
- Attachment 3 Black & Veatch Phase A Cost Data File (B&V Cost Data)

Note that the costs in Attachments 2 and 3 were updated by Black & Veatch (B&V) to incorporate key findings from the HPG Report (Attachment 1) where deemed appropriate by Black & Veatch. Specifically, the costs of tunneling and operational storage were updated, and detailed design costs that were previously accounted for in the economic analysis but not in the financial analysis, were added. Together, these changes increased the RCS cost from approximately \$4.3 Billion to \$4.9 Billion.

I want to reiterate that the RCS Phase A baseline analysis intentionally takes a very conservative approach and does not include <u>any</u> partnership or other third-party participation benefits or funding that would reduce the cost of the RCS. However, we believe a number of such opportunities exist

BOD and MAM June 12, 2020 Page 2

and they are scheduled to be studied in Phase B of the RCSS if the Board choses to pursue the study further.

We have, also by design, taken the exact opposite approach when estimating the cost of the options involving MWD. Among other things, staff has not included <u>any</u> costs of a Delta Conveyance Project or Regional Recycled Water Program, even though MWD is pursuing development of these projects and has stated the projects are essential to its ability to maintain a reliable water supply. One of the reasons we did not include these projects is because MWD itself has not yet included these costs in its own 10-year rate forecast. Inclusion of these costs would make the Net Present Value of the RCS even more cost competitive.

It is important to keep in mind that a decision about the RCS is not a decision that may be made in the abstract, but is one that must be made based on a comparison of the available alternatives. To the extent MWD's all-in costs are not included in projections and the Water Authority's all-in costs are included in this or any analysis, it is comparing "apples to oranges." A more robust examination of MWD's cost and rate projections, and as previously mentioned partnership opportunities, are planned for the next phase of the RCSS.

I would like to highlight what I believe are key findings from the Draft B&V Report.

- The region will continue to need QSA water through 2112.
- All three RCS alternatives are viable from a technical and engineering perspective.
- Alternatives 3A and 5A are economically competitive and provide long-term reliability and low-cost water to the region.
- Alternative 5C is not economically competitive with Alternatives 3A and 5A and will not be recommended for further study.
- Alternatives 3A and 5A could be integrated without major changes to current Water Authority operations.
- Potential multi-agency, multi-use partnerships and other agreements could significantly reduce the cost and enhance the value of each RCS alternative and provide regional benefits to San Diego, California and the Southwest.

We trust that the information we are providing today will facilitate the work of the independent consultant retained by some of the Member Agencies to evaluate the Draft B&V Report. As I have previously indicated, the Water Authority very much welcomes this independent review and input from our Member Agency Managers. I have been told that the independent review will commence immediately upon receiving this information and conclude within 30 days or by July 11, and that the findings will be shared with the Water Authority at that time.

The Board is scheduled to take action on Phase B at its July 23 Board meeting, when a detailed presentation will be made, including discussing the findings of the respective independent consultants. As a reminder, the Board approved Phase B budget is a not to exceed amount of \$1.3M and would take about a year to complete, with another offramp at the end of Phase B.

BOD and MAM June 12, 2020 Page 3

Your input is vital to helping to shape the scope of this study as well as provide for the long-term planning needs of our region. I want to thank you for your continued engagement and collaboration.

Sincerely,

Sandra L. Kerl General Manager
